

FIBRESTAR DRUMS

The UK's largest producer of environmentally sustainable fibre drums and packaging solutions

ALL FIBRE DRUM

Available in two styles, Pattern 5 made from 100% renewable, sustainable virgin kraft, and Ecodrum made from 100% recycled fibreboard.

Both are designed for packing powder, solid and hazardous products with a choice of lids.

- Full UN approval for the transportation of dangerous goods.
- Capacities from 5ltr to 205ltr - fully customisable to your requirements.
- Low tare weight, resulting in lower transport costs.
- Suitable for packing:
 - Powders
 - Granules
 - Pastes
 - Solids
 - Semi-liquids
 - Hazardous products

Bitupak

To aid product release, Bitupak incorporates a silicone lining for the packaging of solid setting products.

ALL FIBRE DRUM

Fibre slip on lid available for all sizes.

Different lid depths available relating to your specific needs.

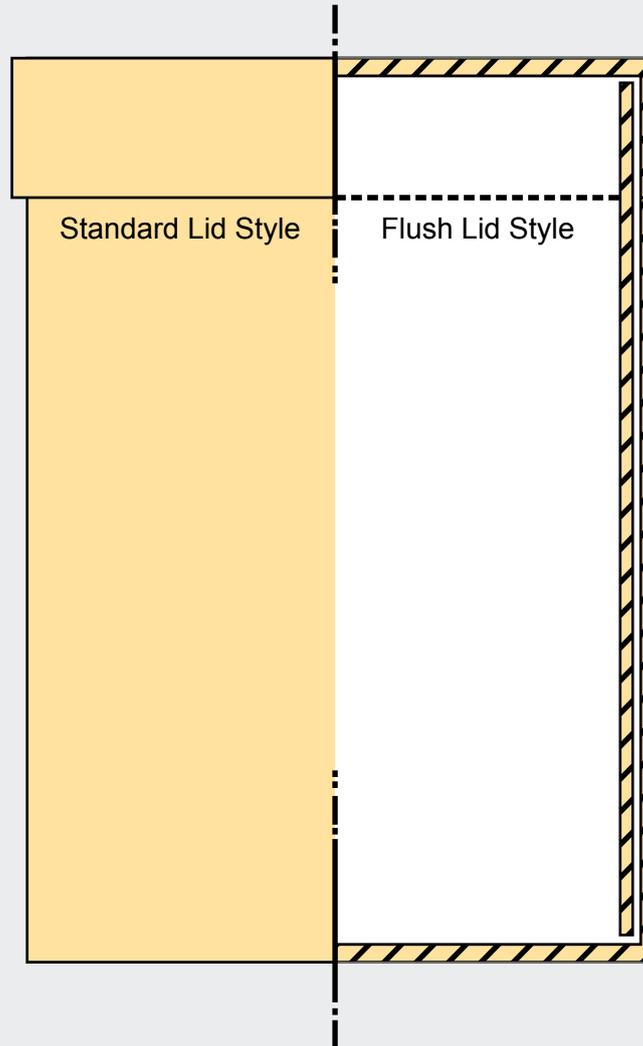

There are three derivatives of the All Fibre drum:

PATTERN 5 - Drum and lid are made from virgin kraft material.

ECODRUM - Drum and lid are made from recycled fibreboard.

BITUPAK - Drum interior is silicone lined to enable the packing of products requiring high release properties, such as solid setting bitumen.

All-fibre drums may be re-used, recycled or thermally recovered. Disposal should take any relevant legislation into account.

Drum performance to UN Packaging Group II & III (solids) standards.

To improve lifting and handling, a recessed base is available.

Available in the following diameters:

250mm
280mm
315mm
355mm
395mm
420mm
460mm
510mm

Drum heights from 125mm to 1000mm

Volume range from 5 litres to 205 litres

Made to
BS EN ISO 9001:2008
quality standards

By supplying drums loose, stretchwrapped or palletised, Fibrestar Drums will match your bespoke handling and delivery requirements.
